

College Credit Plus Annual Statement

2018-2019 School Year

College Credit Plus (also known as CCP) is the State of Ohio's program for students to earn college credit and high school credit concurrently. This program is open to students who will be in grade 7-12 during 2018-2019 school year. This program is at no cost to students and their families to attend public institutions of higher education, including books. There could be a cost with attending a nonpublic institution of higher education for CCP. If a student and their family is economically disadvantaged and would choose to attend a nonpublic institution of higher education there would be no charge to the family. A student and their family would also be responsible for paying for costs of tuition and books if a student would fail a course.

A counseling session must take place for a student to participate in CCP. By attending the Information Meeting on February 5, 2018 those wanting to participate will have received their counseling. If you are not able to attend this meeting then individual meetings can be set up with the guidance department. "Students must submit a written notice of their intent to participate in the upcoming academic year, by April first, in accordance with section 3365.03 of the Revised Code, but may submit the written notice of intent to participate as early as February fifteenth. Students desiring to participate in college credit plus in the summer are strongly encouraged to submit letters of intent and begin the admissions process starting in February and prior to the April first notice of intent deadline in order to improve chances of meeting summer registration timelines."**

Students can take courses work that is offered both at Paulding High School and colleges and in a variety of formats. Students may be in enrolled in multiple postsecondary institutions and may take courses from each of those institutions concurrently. Paulding High School offers the following courses through the respective institutions on site: Spanish 1 and 2 through Northwest State (this course is labeled as Spanish 4 in the PHS course catalog). Students should review the course catalog of an institution of higher education for their full listing of course offerings. Students may participate in the CCP program during the school year and summer terms. If a student would transfer to another secondary school the student is responsible for notifying their institution of higher education and the student's prior and new secondary schools. Criteria to participate will be given at the Informational Meeting and/or at counseling session. Any costs will be given to students through written notification. If a student plans to participate in CCP they must submit the Intent to Participate form into the the guidance office by April 1, 2018. Forms turned in after this date will require permission from the high school principal to participate. The high school guidance office will be the point of contact in regards to the CCP program.
